DIRTY PAIR

Earlier this year, fans sent Nozomi Entertainment their questions for Mr. Haruka Takachiho, the novelist and creator of the *Dirty Pair* series. Then our friend Akane Hagio of SUNRISE, the company which co-produced the series, had the opportunity to sit down with Mr. Takachiho to chat about the questions... and talk about a lot more, as you'll discover in this interview except!

Fan Question: How do you balance the wacky escapades of the Dirty Pair with the sometimes depressing after effects?

Takachiho: I don't balance them at all. Writers don't think about it like that. There is more of a natural flow to the process. I don't think you can become a professional if you are always worried about balance.

Sunrise: Is the balance created naturally by the characters in the story?

Takachiho: Naturally, at the beginning, it is created very meticulously. The original *Dirty Pair* novels are written in the first person from Kei's perspective. Since I wrote it from Kei's perspective, the story is subjective to Kei's feelings and opinions. Practically speaking, what is actually happening in the story is different from Kei's telling. It is Kei telling the story, so she bends the facts to make herself look better.

I wrote a story where Crusher Joe appeared with the Dirty Pair a while back, and in it, the Dirty Pair were written in the first person, and Crusher Joe was written in the third person. Writing it this way, subtle differences in their stories appeared.

Sunrise: Is it easier to write a story from the first person or the third person?

Takachiho: Writing from the first person has its advantages, but then describing a scene when the protagonist isn't there gets difficult. When that happens, I have switched to writing in the third person. At these times, the third person is easier to use.

Fan Question: Who is your favorite Lovely Angel, or other character, and why?

Takachiho: I feel like it isn't a good idea for writers to become too attached to their characters. That being said, I like the Dirty Pair as a pair of protagonists because they are so in your face.

Sunrise: We are guessing there have been characters you didn't like so much...

Takachiho: Yes, that's why I kill them (laughs).

Sunrise: Can we include that comment?

Takachiho: Yes, it's fine. All writers do it.

Sunrise: When Dirty Pair was adapted into an anime, were there any scenes that were handled differently than you would have liked? How much input did you have with the different series and movies?

Takachiho: You raise a tricky point here, as I am a sci-fi author, and in my head, I have an idea of what sci-fi is. I write my stories based on that. Surely, this is different depending on the writer.

When it was decided to go with the television show, naturally it was made without necessarily following my personal ideas on sci-fi. There were times when I thought "Say, that isn't sci-fi." But that had nothing to do with the value of the story or how entertaining it was. Throughout, I couldn't help but try and determine if certain places were sci-fi or not.

With the film version, I was very vocal and was a real nuisance. I really wanted to make sure the movie was sci-fi, and [I] made it clear from the beginning that if it wasn't, I wouldn't be happy, but at the start, it seemed the director did not understand what I meant. Sci-fi people like us understand it, but I was having a hard time portraying it, so I had no choice but to get very hands on with this project.

Sunrise: Are you talking about, for example, showing new technologies like computers?

Takachiho: No, that's not quite what I mean. It's like I would have a scene in Tokyo but put a twist on it by having cars driving on the right-hand side, like in the U.S. Those kinds of things. Outer space also has its own rules. The atmosphere must be 3 Kelvin. Also, there is no air. A lot of people don't understand there is no air in outer space. There are actually movies with people in outer space swimming to get around. What in the heck are they pushing off of to move?

Both: That makes 100% sense!

Takachiho: The point is there are rules. They go from the really easy to comprehend to the really heady and hard to understand. Once those rules are fully grasped and understood, then the writer has to write within the boundaries of those rules or else risk writing "untruths." The problem the fiction writer faces is how to do that.

In the movie, wine played an important role. The establishment of the wine in the story felt a little simplistic, so we decided to fine tune and insert more details hinting to it.

Sunrise: I have seen scenes of "swimming" to move in space. Thinking about it, it doesn't make sense at all.

Takachiho: Right! Another one is the idea of "dropping" something in outer space. In this day and age, we know enough about outer space that even a child would know that can't look right. In *2001: A Space Odyssey*, there is a scene of an astronaut in space drinking from a straw, and when he finishes, the liquid goes back down the straw. It was the sci-fi fans who first said, "That's a mistake!"

Special thanks to Akane Hagino, with SUNRISE, for helping make this interview possible!

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on the manufacturer's suggested rating for each title, as well as input from our own staff.

N/R

Not yet rated.

ALL 7+, 10+

Generally acceptable for children. No nudity. Possible mild violence.

12+, 13+, 14+

Parental discretion advised. May contain violence, brief nudity, mature themes, and/or mild language. May suggest sexual situations, but no such situations are shown.

15+, 16+, 17+

Strong violence and explicit language. Nudity may be prevalent. Mild sexual situations may be shown.

18+

Extreme violence, and/or explicit nudity. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Ratings used within our system are typically provided by the manufacturer. Because of the differences in ratings used by these companies, we have combined their systems with the descriptions of the ratings listed above. Right Stuf does not set ratings and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only and are subject to change.

Runtime / Page Count

The listing for each item contains information detailing its approximate length. Depending on the manufacturer, this may or may not include extra bonus features, such as previews or forwards. An N/A indicates that the manufacturer has not provided this information at this time.

Edited and Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores), it must often be edited. This can mean that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognize this and sometimes release both the Edited (TV) and the Uncut (original) versions of the show.

DUB ONLY? SUB ONLY?

Although DVDs and Blu-ray discs allow for the possibility of multiple languages, it's not always possible to license a title for dual-language release. So, you end up with manufacturers releasing discs that are Subtitled Only (SUB ONLY) or English Dubbed Only (DUB ONLY). Subtitled discs display the dialogue on the bottom

of the screen while the actual voices are still in Japanese. Dubbed means the music is (probably) intact, but the voices have been redone in English. In our online store, subtitled items are represented by (S) and dubbed items are represented by (D). You will also see (Hyb), which means that both the subtitled and dubbed versions are on the same disc.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed. However, manufacturers can (and often do) change these dates due to production delays. If you are pre-ordering an item and are concerned whether it's on schedule, please feel free to check the release date on our online store, or feel free to contact our friendly Customer Service representatives.

Mosaic

The digital "mosaic" effect is sometimes placed over the relevant bits during a particularly adult sequence prior to the title being exported from Japan. When we are aware that a title has this effect, we'll mark it as Mosaic in the listing.

OVA (OAV)?

OVA stands for Original Video Animation. Basically, this means it is a direct-to-video release.

Special Collections

Certain DVD and Blu-ray items are marked with names such as "Viridian Collection," "S.A.V.E. Editions," etc. These are re-releases of the original discs at lower prices. However, these editions may or may not include all of the features that were found on the original releases. If you are concerned that the item you are considering may not contain the features that you want, please feel free to contact Customer Service or check the item's listing through our online store.

Missing Volumes

You may notice volume gaps in our printed catalog listings. This is not necessarily because the products aren't available, but merely because we couldn't fit every item into the printed catalog. If you are looking for a certain volume, please feel free to contact Customer Service or check our online store.

DVD/BLU-RAY SPECIFIC

Can my DVD play in a Playstation / Xbox / personal computer?

It depends on the DVD. There have been instances of some DVDs having difficulty playing in certain players. While the vast majority of DVDs will work just fine, we cannot guarantee all DVDs will play correctly on your Playstation, Xbox, or personal computer.

What is Region Coding?

Region coding is a geographical restriction for DVDs and Blu-ray discs. Since players are region specific, you need to make sure that the item you purchase is coded for the same region as your player. All DVDs and Blu-ray discs we sell are region coded for the United States.

What region is my player?

If you purchased your player from a retail outlet in the U.S., it should be Region 1 for DVD players and Region A for Blu-ray players. You can check the region coding on your player by looking for the region code symbol on the player's packaging.

DVD Region Codes:

- 0 Region Free
- 1 United States and Canada
- 2 Europe, Egypt, Arabia, Japan and South Africa
- 3 Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 Australia and New Zealand, Mexico, the Caribbean, and South America
- 5 India, Africa, Russia and former USSR countries
- 6 People's Republic of China

Blu-ray disc Region Codes:

- A The Americas, Korea, Japan, and Southeast Asia
- B Europe, the Middle East, Africa, Australia, and New Zealand
- C Russia, India, China and the rest of world

Will a Blu-ray disc play in my regular DVD player?

Just as CDs and DVDs record different types of players, so do DVDs and Blu-ray discs. In order to play a Blu-ray disc, you must have a special Blu-ray player or a Playstation 3.

Will a DVD play in my Blu-ray player?

While some Blu-ray players will also read DVDs, not all do. We cannot guarantee that all DVDs will play in your Blu-ray player.

call our friendly Customer Service representatives at 1-800-338-6827 or email us at info@rightstuf.com

How long is an item "out of stock"?

With a few exceptions, item delays can be measured in days. There are some freak delays, but 2-4 weeks is usually a safe figure. However, please keep in mind that some items are directly imported from Japan and may be in short supply even there. Should the vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

Can I use my coupons online?

Yes, you can. Simply use the coupon code that is on your coupon when you place your online order.

How many coupons can I use?

You can only use one coupon per order, and some coupons can only be used one time per customer. Some coupons can also only be used through our online store. Please see coupon details for specific restrictions.

Can I order "Shawne's Daily Deals" through the mail or over the phone?

Sorry, but these special offers are only available through our online store. If you check in often enough, you might find some amazing deals!

Do I need to add sales tax?

Only if you're shipping to an Iowa address.

If I move, should I inform you?

Certainly a good idea, especially if you want to keep getting stuff from us. Just drop us a quick note, giving us your old address and your new address, so we can update our records.

PAYMENT METHODS

Do you take VISA / MasterCard / Discover / American Express?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships.

I'm an international customer.

What's with this extra data you need?

With international mail and credit card fraud becoming a growing problem, we feel it's better to ask you for additional information rather than charge everyone outside the country a lot more for their stuff. For first-time orders only, we require a copy of some form of address verification, which shows your address, along with a photocopy of BOTH the FRONT AND BACK side of your credit card. For security purposes, you may black out one set of digits. Upon request, we can provide a secure website location for our international customers to submit this information.

This policy only affects first-time international customers. However, should your address or credit card

information change, we will re-request this information in order to protect you and to update our records. This policy is in place to help keep credit card fraud to a minimum and to ensure that our customers have the utmost security when ordering with our company. This information is destroyed after verification.

SHIPPING

How long will it take to ship my order?

From the time we receive your order and place it in our system, standard processing time is 24-48 hours. If some of the items are on back order, it can take an average of 10-14 business days for us to receive the back-ordered items. Then, standard processing time goes into effect.

What are your methods of shipping?

Please see our order form for details.

Are more shipping options available?

Additional shipping options are available for orders placed by phone and through our online store.

How much is shipping for box sets?

Box sets are considered single items for shipping purposes.

I'm not at home during the day. Can you ship to my office?

Certainly. In fact, we prefer to do this to ensure that you actually receive your order. Please provide us all the information that you can, including the name of the company, so your delivery person can get your package to you. We require that you include the business' name in the address.

We are happy to work with you to get the product to you as quickly as possible. You can also choose to have your order shipped to you by mail instead. Please note: This policy applies only to our domestic customers. For international customers, we must ship to the billing address on your credit card.

I chose express delivery when placing my order, but it still took 2 weeks to arrive. Why?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery the moment we receive it from the manufacturer. Although we do keep significant stock of the items in our catalog, there are times when there may be delays getting items from the manufacturer, as discussed above.

What happens if my country will not allow me to have this sort of item? / My order was seized by customs?

Please consult with the postal authorities of your country prior to placing an order for adult items. We cannot be held responsible for seized shipments or provide refunds for seized products.

MAIL-IN ORDERS

I went to your online store to order, but I don't have a credit card. Help!

Should you prefer to flip through the online store to select items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!). Just print this form and mail it in with your payment.

Although you can use the online store to generate your order, nothing will be recorded by our system, so make sure that you don't lose your form or you'll have to re-enter everything all over again! Please note that online coupons are not valid on mail-in orders.

I saw a coupon on the internet; can I use it?

Some coupons and short-term deals, such as "Shawne's Daily Deals," can only be used through our online store and cannot be honored for mail-in orders. This is generally due to specific date or manufacturer requirements, which cannot be imposed on mail-in orders. Please review the specific restrictions of the coupon to see if it can be applied to your mail-in order.

I saw a special deal / daily deal on the website. Can I put it on my mail-in order?

See previous coupon explanation.

Why do you hold my order for 12 days when I pay by check?

Even with all this cool technology, checks can still require at least 12 days to clear.

What's this NSF charge?

"Non-Sufficient Funds" means that your check bounced. There is a \$25 charge for all returned checks. Once you have bounced a check, all further orders must be paid for by either credit card or money order.

RETURNING MERCHANDISE

When I got my item, it was defective. What can I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace the product. Unopened discs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card).

All returns/refunds must be processed within 90 days of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Service, or utilize our online return request form at: www.rightstuf.com/requestform

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available that can

be tracked. If you have been shipped an item that you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include (special item), but mine doesn't have it!

Unfortunately, we have no control over what the manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. However, should the item not be included, we suggest that you contact the manufacturer directly. Of course, we are always happy to forward your request on for you!

GENERAL

Why do you charge for your catalog?

In order to keep producing a printed catalog, we have to charge a small fee for it. However, you can get your money back by using the \$4-off coupon on page 59! (Not to mention the other great coupons back there.)

Will I get your next catalog?

If you've ordered something from us in the last 6 months, you will automatically receive the new catalog when it is shipped. If not, you may find that you'll stop receiving catalogs, and you will have to send us the current catalog fee to reactivate.

When does your catalog come out?

Every spring and fall!

Where are the Adult products?

Since the catalog is delivered to anime fans of all ages, we've taken special precautions to ensure younger fans are not exposed to listings for products that contain explicit violence, adult situations or sexual content. Products of this nature have been placed in a special adult insert, and you will only receive it if you've ordered these products in the past.

If you would like to receive a printed copy of the adult section, you can send a written request by mail to:

Right Stuf
Adult Catalog Request
PO Box 680
Grimes, IA 50111-0680

A free downloadable version is also available on our website at: <http://catalog.rightstuf.com>

What's this "Got Anime" thing?

It's an easy way to get an additional discount on your favorite anime items. For a small yearly membership fee, you get additional discounts, newsletters, and members-only specials! Read more about the Got Anime Savings Club on page 6. Please note that international members of the club no longer receive mailings, due to postage costs, but the same newsletters are available online.

Memberships are non-transferable and are linked to the billing address of your account. If you move, please make sure to contact us with your updated information so that we can update your membership information.

Why don't you carry many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. As such, these items are only listed on our online store, so if you're looking for a particular item, please check our online store or contact customer service.

Why don't you have (title here) audio soundtrack from Japan?

See previous question. You also might want to check our online store, since some titles are available domestically.

I really want to learn Japanese. What resources do you have?

We have many products to help our customers learn about Japan and the Japanese language! Whether you're just starting out or you're ready to move onto the next level, we carry the latest items to help you learn the Japanese language. These items are available on our online store, including everything from videos and textbooks to memory aids and intermediate readers.

I saw this show that I think might have been anime. Do you have it?

If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's like a magic user, a guy with a sword, and a villain who wants to take over the universe," there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't necessarily mean that it's available in the U.S. as a licensed product, but it could be.

Why isn't (title here) available in the U.S.?

You might be surprised to find out how much anime is available in the U.S. Of the few titles that remain unlicensed, some titles have their rights disputed, some licensors want more money than a title can possibly generate in this market, and of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell bootlegged products.

Can I special order items that are not on the online store?

Simply put: If it isn't on our online store, we can't get it at the moment.

What are some good shows for small children?

Although this is truly a matter of personal preference, we recommend *Yu-gi-oh*, *Pokémon*, *Teenage Mutant Ninja Turtles*, *Kimba*, and *Astro Boy* for young anime fans. You might also consider the Sanrio titles like *Hello Kitty*. Look for the "ALL" age rating in item listings for child-friendly titles.

What's the most horrible, tasteless adult anime you offer?

That really depends largely on the person you ask. Some would say *Cool Devices* and *Night Shift Nurses*, others *Love Doll* and *Bible Black*. These titles are certainly not for the squeamish and are most definitely only for adults.
